

Meeting summary

Industry Advisory Group

23 February 2023

The second meeting of the Combat Sports Authority of NSW Industry Advisory Group (IAG) took place on 23 February 2023.

The Authority has previously consulted extensively on recommendations in relation to concussion and other serious head injuries identification (COSHII), including recommendations for COSHII training to be mandated. The Chair sought IAG feedback on topics to be covered in training as well as suggested approaches to delivering the training.

IAG members noted Boxing Australia training which includes a concussion module. Members expressed support for an e-learning approach for level 1 and availability of online training for level 2. It was also noted that the sector would value the ability for training to be delivered in languages other than English.

Members continue to identify issues with the current Authority Rules, which will be discussed further at future meetings.

The IAG expects to meet again in May 2023.
