# Minister for Sport Message

The NSW Government acknowledges the importance of sport and active recreation to the community of NSW. We are keen to see more people engaged in physical activity throughout their life, regardless of age and ability.

More than 8,500 NSW residents experience out-of-hospital cardiac arrest each year. The evidence tells us that the first few minutes following a cardiac arrest are critical. Early commencement of cardio-pulmonary resuscitation (CPR) and access to a defibrillator can mean the difference between recovery and ongoing health concerns or even death.

The NSW Government is providing up to \$500,000 in grants to eligible sporting clubs and facility owners through the Local Sport Defibrillator Grant Program in 2023/24 with grants up to \$3,000 available.

In order to ensure sporting organisations in the most disadvantaged areas of the State have access to these grants, eligibility criteria for this year's program have changed.

Please read these guidelines and if your organisation is eligible, I encourage it to prioritise the safety of its members and apply for a grant so that can be equipped to respond to life-threatening emergencies.

A stylized, handwritten signature in black ink, consisting of several loops and a long horizontal stroke at the end.

**The Hon Steve Kamper MP**

**Minister for Small Business**

**Minister for Lands and Property**

**Minister for Multiculturalism**

**Minister for Sport**

---

# Introduction

These guidelines outline the key objectives, eligibility criteria, assessment process and timeframes for the Local Sport Defibrillator Grant Program 2023/24.

**Applicants should read this document before filling out an application.**

---

## About the Local Sport Defibrillator Grant Program

The Local Sport Defibrillator Grant Program is aimed at providing Automated External Defibrillators (AEDs) and associated equipment to NSW sport and recreation facilities and clubs.

Eligible applicants have a choice of approved AED Service Providers and a variety of approved AED products and services.

In 2023/24 funding is targeted at applicants within the bottom five Socio-Economic Indexes for Areas (SEIFA) as ranked by the Australian Bureau of Statistics in order to ensure the most disadvantaged areas are being prioritised.

---

## Key objectives

The key objectives of the Local Sport Defibrillator Grant Program 2023/24 are:

- To support local sport and recreational clubs or related incorporated organisations located in the most disadvantaged areas of NSW in purchasing an AED package.
- To promote wider access to these devices across NSW.

## Important dates

Applications Open	1 December 2023
Applications Close	When funding allocation is exhausted or by 1pm on 23 February 2024 whichever is earlier *
Outcomes advised	Within 2 months of submission
Grants must be accepted within	2 weeks of notification of successful outcomes
All projects expected to be completed by	31 October 2024

\*Applications will be assessed in the order they are received. Applications will be assessed until the funding allocation has been exhausted or the closing date and time occurs. Due to the high demand on this program, it is expected that the funding will be exhausted prior to the closing date. The Office of Sport reserves the right to amend any of these dates at its absolute discretion.

---

## Funding availability

The NSW Government has allocated up to \$500,000 in 2023/24 for this Program.

- The grant amount will fund the cost of an approved AED package up to \$3,000.
  - There is no mandatory financial contribution. However, where the cost of the selected package exceeds \$3,000 the organisation must fund the additional cost.
  - Applicants can request a grant for one AED package and are limited to one application per financial year.
- 

## Conditions of funding

Organisations which receive funding under this Program will be required to:

- Establish a customer contract with the approved AED Provider to be signed and uploaded as part of acquittal.
- Have a medical emergency plan in place within 6 months, to be provided as part of the grant reporting requirements.
- Undertake AED familiarisation instruction, to be conducted by the supplier within 28 days of delivery of the AED. This can be done online.
- Be responsible for the ongoing management and maintenance of the AED for its expected life.
- Ensure that the AED is accessible and available to the broader public whenever possible.
- Successful applicants will be encouraged to participate in an NSW Government data sharing scheme registering the location, accessibility and condition of AEDs throughout NSW, to assist in identifying AED resources across the state. The scheme complies with NSW data sharing legislation. Participation in this scheme is voluntary, and it is not a condition of eligibility or of approval for a grant.

---

## Eligible applicants

To be considered eligible under the program, applicants must identify the location the AED will be kept. This location must be in one of the postcode areas listed in **Appendix C**, as ranked by the Australian Bureau of Statistics according to their Socio-Economic Indexes for Areas (SEIFA).

Eligible applicants are:

- Incorporated, not-for-profit clubs, associations or organisations in NSW that are sport or recreation related.
- State or national sport or recreation organisations on behalf of member clubs located in NSW.
- Licensed sporting or recreation clubs, providing that the AED package directly benefits sport and recreation members or participants.
- Sport clubs associated with a school, church or university providing they are an incorporated not for profit club in their own right.
- Councils and sport and recreation facility owners, provided they apply on behalf of sport or recreation clubs.
- Service clubs such as Rotary, Country Women's Association and Lions, applying on behalf of sport or recreation clubs.

Sport or recreation clubs at a multi-use facility are encouraged to collaborate on planning for medical emergencies, including sharing resources and locating defibrillators to maximise community access.

For the purposes of these guidelines, 'recreation' should be interpreted as: 'any pursuit or activity engaged in for enjoyment, relaxation, or leisure'.

Applicants who have received funding under previous rounds of the Local Sport Defibrillator Program are eligible to apply but will only be funded if the program allocation has not been fully expended by the closing date.

---

## Ineligible applicants

Ineligible applicants are any organisation types not listed in the 'Eligible Applicants' section, and include (but are not limited to):

- Individuals
- Parents and Citizens (P&C) Associations
- For-profit, commercial organisations
- Government departments and agencies.

An organisation will be deemed ineligible for funding under this Program if they are named: (i) by the National Redress Scheme for Institutional Child Sexual Abuse on its list of institutions that have not joined or signified their intent not to join the Scheme; or (ii) in the Royal Commission into Institutional Responses to Child Sexual Abuse that has not yet joined the National Redress Scheme.

---

## Eligible AED packages

The Office of Sport procurement process ensures that AEDs being purchased with grant funding meet certain minimum standards.

Applicants must purchase an approved AED package from an approved Service Provider as listed at **Appendix A** of these guidelines. A list of all approved packages and their pricing is available on the Office of Sport website under [supporting documents](#).

Applicants must rely on their own enquiries as to the suitability of the approved AED Service Provider or package for their needs. Each approved Service Provider has developed their own package. Applicants must make their own enquiries as to any additional inclusions beyond the minimum package requirements.

At a minimum, the provision of an AED package will include:

- An AED
- AED familiarisation instruction
- A minimum of six years of essential defibrillator maintenance. Note that battery warranties may have a shorter duration.

---

## Ineligible projects

### Ineligible projects:

- Projects that are not primarily for use by sport and recreation facilities or organisations.
- Project is not located in one of the postcodes listed at **Appendix C**.
- AEDs not purchased from an approved Service Provider or approved package.

### Ineligible project costs:

- Ongoing maintenance outside of the scope of the six-year essential defibrillator maintenance schedule.
- Any extended warranty specified by an approved AED Panel Service Provider.
- Accredited CPR, First Aid, ongoing or additional face to face AED familiarisation instruction.
- Out of warranty repair of equipment.
- Replacement costs of consumables including batteries and electrode pads.
- Replacement or temporary replacement of the AED if it is damaged or unrecoverable through wear and tear, vandalism, accident, theft or misuse.
- General first aid maintenance items or equipment (items requiring cleaning and disinfecting after use).
- Retrospective funding e.g., for AEDs that have already been purchased.

### Note

- Applicants should refer to the details set out in the AED Providers' package for listed inclusions when making a choice of provider.
- Where accredited CPR, First Aid, or additional face to face AED familiarisation is included by service providers as part of an AED package, this can be funded from the grant, however the maximum amount to be funded per AED package is \$3,000.

---

# What is the application process?

**How to apply: Follow the steps below to submit your application.**

---

## Step 1: Check your eligibility

- See Eligible Applicants section of these Guidelines to see which organisations can apply for funding.
- If you are not eligible, you may be able to partner with an eligible organisation, although they will need to be the applicant organisation and submit the application and the AED must be kept in an eligible location.

## Step 2: Understand the requirements

- Before you apply, please read these guidelines and related materials including the application checklist to make sure you understand all relevant requirements, including whether you are eligible to apply.

You can find the relevant information on the Office of Sport's website: [Local Sport Defibrillator Grant Program | NSW Government](#)

## Step 3: Prepare your application

- Make enquiries about which AED package suits your needs.
- For questions relating to the grants program or for specific assistance with the SmartyGrants system, email the Office of Sport Grants Unit at [grantsunit@sport.nsw.gov.au](mailto:grantsunit@sport.nsw.gov.au) or call 13 13 02 during standard office hours.
- For enquiries relating to the Local Sport Defibrillator Program or suppliers, please contact the Office of Sport at [defibs@sport.nsw.gov.au](mailto:defibs@sport.nsw.gov.au)

## Step 4: Submit your application

Applying for a grant is a simple process using the [SmartyGrants platform](#).

- The Office of Sport recommends that applicants familiarise themselves with the online application form ahead of preparing the application and plan to submit ahead of the closing date to reduce the risk of missing the deadline.
- Complete your application by filling in each of the sections.
- Submit your application as soon as possible and before the closing date and time. Note that the program will close prior to the closing date if the funding allocation is exhausted.
- Projects must be submitted through the [SmartyGrants website](#) to be considered eligible.
- Successful submissions will be issued with a SmartyGrants system generated acknowledgement email containing a PDF copy of the application which will confirm the time the application was submitted.

---

## Late application

- Late applications can only be made where an applicant has started an application in SmartyGrants prior to the closing date/time.
- If for any reason you are not able to lodge your application on time, you must contact the Office of Sport at the earliest possible time after the closing date/time.
- The final determination on whether a late application will be accepted will be made by the Office of Sport supported by a probity advisor.
- Note that the program may close prior to the closing date if the program funding allocation is exhausted. No further applications will be received in the 2023/24 program if the funding allocation is exhausted prior to the closing date. Where the funding allocation has been exhausted, the Office of Sport will update the website with this information.

---

## Assessment process

The Local Sport Defibrillator Grant Program is administered by the Office of Sport who will undertake an eligibility check.

Throughout this process the Office of Sport may request additional information from the applicant.

An independent probity advisor will oversee the grant process.

The Office of Sport will assess all applications and make recommendations to the Minister for Sport for consideration. The Minister will make the final decision relating to the approval of funding.

Applications will be assessed in the order they are received. This will continue until the program funding allocation has been exhausted, or the closing date and time occurs.

---

## Eligibility check

The Office of Sport will undertake an eligibility check of all applications to confirm:

- Proposed AED is located in one of the identified postcodes listed at **Appendix C**.
- Applicant organisation is an eligible applicant.
- Applicant has selected an approved AED Service Provider and package.
- Grant request amount is aligned with the selected AED package up to a maximum of \$3,000.
- Applicant has confirmed they will fund any costs which exceed \$3,000.
- Applicant organisation has confirmed that if successful they will provide public liability insurance with a minimum \$5 million cover\*
- The application, if submitted by a licenced club, specifically relates to the sport and not the licenced premises.
- Whether the applicant organisation received funding for an AED in previous rounds of the Local Sport Defibrillator Program\*\*

\*Organisations who are awarded funding will be required to upload a current Certificate of Currency for Public Liability Insurance with a minimum of \$5 million cover when they accept the grant.

\*\*Organisations who have received funding under a previous round of the Local Sport Defibrillator Program will have assessment of their application delayed until after the program has closed and if there is unallocated funding. Where this occurs, applications will be checked for eligibility in the order that they were submitted.

---

## Available supporting documents

Documents available on the Program website to assist your application include:

- Program Guidelines
- Frequently Asked Questions (FAQs)
- Funding Agreement Template
- Template Medical Emergency Plan
- Approved AED Packages with prices.

For assistance with the SmartyGrants application, you can contact the Office of Sport at [grantsunit@sport.nsw.gov.au](mailto:grantsunit@sport.nsw.gov.au) or on 13 13 02.

For enquiries regarding the grant program or suppliers please contact [defibs@sport.nsw.gov.au](mailto:defibs@sport.nsw.gov.au).

---

## Project evaluation and reporting

A project completion report will be required within 30 days of completion of the project as outlined in the funding agreement (accepted grant terms and conditions). The project completion report will be completed within SmartyGrants and require grant recipients to provide detail of the short-term outputs and outcomes that have been achieved since the completion of the project, reflecting on those proposed by applicants in the original grant application. Photos of the completed project must be provided as part of this report.

A post project evaluation report may be requested on an ad-hoc basis for a period of up to five years after the completion of the project in order to gather further detail on the medium to longer term outcomes and impact of the project.

---

## Financial acquittal and record keeping requirements

A financial acquittal will be required within 30 days of project completion within SmartyGrants. This will require you provide evidence of expenditure on the project e.g. copies of receipts from an approved supplier, paid invoice, or remittance advice. You will also be required to provide a copy of the customer contract between your organisation and the approved supplier. The acquittal certificate must be signed by two office bearers of the recipient organisation stating that the funding had been spent in accordance with the grant application and terms and conditions.

Successful recipients should ensure that all invoices, receipts, remittances, and bank transfers are retained in order for this to occur. The Office of Sport reserves the right to reduce proportionally the amount of the grant if the total cost of the project is less than the amount stated in the application or ineligible cost items are included in the application. In this instance you may be required to repay a proportion of the grant. Applicants that do not provide a financial acquittal and project reports by the required date(s) may be ineligible for future Office of Sport grants until this is provided.

---

## Variations to approved projects

The Office of Sport acknowledges that things may occur that will impact grant recipients and projects at any time. Any variation requested by a successful applicant to a project, for which a grant has been approved, that constitutes a change to the original application will require a revised assessment of the application to determine whether the project should still be funded in accordance with the program guidelines. This includes situations where a successful applicant is seeking a change of AED supplier or AED package.

Where an approved supplier is not able to supply the approved AED package, the grant recipient may request a variation to change the preferred approved supplier, however the value of the awarded grant will not increase even if the cost of the new package does. Where the new package has a lesser value than the approved grant amount, the recipient will be required to return the difference to the Office of Sport.

Any variation to the project as detailed in the application form must be agreed to in writing by the Office of Sport and may require Minister approval. In these circumstances, the grant recipients must request a variation via SmartyGrants. Requests for variations to the terms and conditions or changes to the project will only be considered in limited circumstances.

---

## Acknowledging the NSW Government

Successful applicants must acknowledge the NSW Government's support through the provision of funding through the Local Sport Defibrillator Grant Program 2023/24 as per the [NSW Government Funding Acknowledgement Guidelines](#) and supporting evidence.

The NSW Government reserves the right to be involved in media opportunities and speaking engagements relating to the funded project.

Recipients must ensure that any media opportunities, speaking engagements and signage relating to the Program or project are discussed with, and approved in advance by, Office of Sport.

---

## Further information

### Notification of outcomes

Once the recommendations have been made, all applicants will be notified in writing and details of successful projects will be published on the Office of Sport website and the NSW Government Funding Finder. General feedback for unsuccessful applicants will be provided at the time of notification.

The Office of Sport will contact the successful applicants to claim the grant within two weeks of being notified of success. Failure to claim the grant within two weeks of notification may result in the Office of Sport withdrawing the offer of funding.

### Conflicts of interest and ethical conduct

A conflict of interest exists when a person might reasonably perceive that the personal interests of a key decision maker of the funded organisation could be favoured over the duties to the funded organisation.

Applicants will be asked to declare as part of their application, and as part of continuous disclosure required by the terms and conditions, any perceived or existing situation which could or does give rise to a conflict of interest. If applicants later identify that there is an actual, apparent, or potential conflict of interest or that one might arise in relation to a grant application, they must inform the Office of Sport in writing immediately. All key decision makers of your organisation including persons who will be responsible for expending the funds (such as board/committee members, the CEO (or equivalent) and managers of the project) must also declare any conflicts of interest.

With respect to this Program, applicants must not:

- do anything which could place a public official in a conflict of interest.
- offer gifts or inducements to any public official.

### Other funding obligations

The successful applicants approved for funding will be required to agree to funding terms and conditions that covers their obligations. The project must be completed in accordance with the dates above. The standard terms and conditions are published on the Office of Sport website and no amendments will be considered unless essential to the delivery of a funded project.

The following reflects the intent of some key provisions that will be included in the terms and conditions with successful applicants:

- Grant payments will not be made until an executed funding agreement (terms and conditions) is in place and the Office of Sport will not be responsible for any project expenditure until this time.
- Successful applicants may be required to complete periodic project updates or project evaluation. The Office reserves the right to request this data from successful applicants on an annual basis for a period of up to five years following completion of the project.
- If, for whatever reason, an organisation is unable to proceed with a project, Office of Sport must be informed in writing as soon as possible.

- Office of Sport reserves the right to undertake an audit of grant funding to successful organisations within seven years of funding payment.

If a grant recipient breaches any of the terms and conditions of the funding agreement, the Office of Sport reserves the right to terminate the terms and conditions and reclaim the grant in part or in whole at its discretion.

## Payment of grants

Successful applicants will be required to accept funding terms and conditions and provide an invoice for the total amount of the grant or a tax invoice for the grant amount plus GST (for those organisations registered for GST). Invoices must be written out to:

Office of Sport Locked Bag 1422 SILVERWATER NSW 2128.

Invoices must be uploaded into SmartyGrants.

Organisations that do not have an ABN must provide a signed ATO Statement by Supplier form that can be downloaded from the [Australian Tax Office website](#).

## Insurances

Organisations approved for funding by this program are required to have a minimum Public Liability Insurance cover of \$5 million. It is recommended, but not a condition of funding, that applicant organisations have Personal Accident, Professional Indemnity and Directors and Officers insurance. Organisations that employ staff must comply with the *Workplace Injury Management and Workers Compensation Act 1998* (NSW).

## Publicity

The NSW Government reserves the right to be involved in media opportunities and speaking engagements relating to the funded project.

Recipients must ensure that any media opportunities, speaking engagements and signage relating to the Program or project are discussed with, and approved in advance by, Office of Sport.

All recipients of NSW Government funding should acknowledge the NSW Government's support through the provision of funding.

## Disclaimer

Submission of an application does not guarantee funding. The costs of preparing an application are borne by the applicant as are any costs incurred prior to agreeing to the terms and conditions.

## Probity

NSW Office of Sport has appointed O'Connor Marsden & Associates Pty Ltd (OCM) as independent Probity Advisors for this program. If there are any concerns regarding the probity or integrity of this program, contact should be made with the NSW Office of Sport in the first instance via email on [grantsunit@sport.nsw.gov.au](mailto:grantsunit@sport.nsw.gov.au).

## Records management

The Office of Sport complies with the management, storage and retention requirements of the *State Records Act 1998* to the extent it applies to any documents created by the Office of Sport, funding applicants or funding recipients under this program.

## Government Information (Public Access) Act 2009

Information received in applications and in respect of applications is treated as confidential. However, documents in the possession of the Office of Sport are subject to the provisions of the *Government Information (Public Access) Act 2009*. Under some circumstances a copy of the application form and other material supplied by the applicant may be released, subject to the deletion of exempt material, in response to a request made in accordance with the Act.

## Privacy policy

The Office of Sport will collect and store the information you voluntarily provide to enable processing of this grant application. Any information provided by you will be stored on a database that will only be accessed by authorised personnel and is subject to privacy restrictions. The information will only be used for the purpose for which it was collected (or otherwise with your consent). The Office of Sport is required to comply with the *Privacy and Personal Information Protection Act 1998*. The Office of Sport collects the minimum personal information to enable it to contact an organisation and to assess the merits of an application. Applicants must ensure that people whose personal details are supplied with applications are aware that the Office of Sport is being supplied with this information and how this information will be used. The Office of Sport may engage external service providers to assist it in assessing applications, evaluating grant programs and/or ensuring probity of programs. Any such service provider is required to comply with privacy laws.

## Disclosure of project information

Information submitted in the application will be shared with the NSW Government. Should your application be successful, the Office of Sport may provide certain information to the media and Members of Parliament for promotional purposes. This information may include applicant name, project name, project description, location of the project, location of the grant recipient and amount funded and total project cost. Information provided in the grant application/milestone and project completion reports may be used to develop case studies including photos. The contact details supplied by the person submitting the application may also be provided to the relevant Members of Parliament.

## Declaration by applicant

The declaration section of the application should be approved by a person who has delegated authority to sign on behalf of the organisation e.g., Chairperson, President, CEO (Chief Executive Officer), General Manager, or authorised member of the Board or Committee of the applicant.

## Contact information

Office of Sport staff are available to provide information to potential applicants on interpretation of these Guidelines including types of projects eligible for funding. They can also provide advice relating to the online application process. Please direct enquiries to [grantsunit@sport.nsw.gov.au](mailto:grantsunit@sport.nsw.gov.au).

For enquiries relating to the grant program or suppliers, please email [defibs@sport.nsw.gov.au](mailto:defibs@sport.nsw.gov.au).

If you require additional support, including the use of a translator, please call the National Translating and Interpreting Service on 131 450, and ask them to call us on 13 13 02 (option 5, option 2). The service provides immediate phone interpreting.

# Appendix A - Approved Automated External Defibrillators

The devices listed below, and their service providers, are all approved through a formal Office of Sport procurement process.

Service providers may offer a range of additional inclusions in their packages, and applicants are advised to determine the most suitable configuration for their purposes. Funding will only be approved for packages and suppliers listed within this appendix.

## Appendix C - Eligible Postcodes

The eligible postcodes for the Local Sport Defibrillator Grant Program 2023/24 are based on the Socio-Economic Indexes for Areas (SEIFA) issued by the Australian Bureau of Statistics. The postcodes listed below are taken from the lowest five deciles of the SEIFA indexes as at November 2023.

2142	2328	2422	2536	2671	2810
2143	2329	2423	2537	2672	2818
2144	2330	2424	2539	2675	2820
2148	2333	2425	2540	2680	2821
2160	2334	2426	2541	2681	2822
2161	2336	2427	2545	2700	2823
2162	2337	2428	2546	2701	2824
2163	2338	2429	2548	2702	2825
2164	2339	2430	2549	2703	2827
2165	2340	2431	2550	2705	2828
2166	2341	2439	2551	2706	2829
2168	2343	2440	2558	2710	2830
2170	2345	2441	2559	2711	2832
2176	2346	2443	2560	2712	2833
2177	2347	2444	2563	2713	2834
2190	2352	2446	2564	2714	2835
2192	2353	2447	2566	2715	2836
2194	2354	2448	2573	2716	2838
2195	2355	2449	2574	2717	2839
2196	2356	2450	2580	2720	2840
2197	2357	2452	2583	2722	2842
2199	2358	2453	2585	2725	2843
2200	2359	2454	2586	2729	2844
